

Seventh Annual Student Poster Award!

at Maryland Water Monitoring Council's Conference
December 7, 2018

The seventh Annual Maryland Water Monitoring Council Student Poster Award will be presented on December 7, 2018 during the 24th Annual MWMC Conference at the Maritime Conference Center in Linthicum. All junior high, high school, and undergraduate students conducting water-related research are eligible. Awards of \$200 (first prize), \$100 (second prize) and \$50 (third prize) will be presented to the best student posters!

The MWMC encourages students to pursue careers in STEM [Science, Technology, Engineering and Math]. This has become particularly important as our country faces a shortage of scientists and engineers.

Go to the MWMC website (www.marylandwatermonitoring.org) to learn more about the Conference and the Student Poster Award. For more information, contact Kevin Brittingham (kbrittingham@baltimorecountymd.gov).
